Module #6: Create & Sell As A Print On Demand Product

Module #7: Create & Sell Like a Dropshipping Business

Module #8: Public Domain Sources (Lists)

Module #9: From An eBook Creator

What is Public Domain

The public domain consists of all the creative work to which no exclusive intellectual property rights apply. Those rights may have expired, been forfeited, expressly waived, or may be inapplicable.

As examples, the works of William Shakespeare, Ludwig van Beethoven, and Georges Méliès are in the public domain either by virtue of their having been created before copyright existed, or by their copyright term having expired. Some works are not covered by a country's copyright laws, and are therefore in the public domain; for example, in the United States, items excluded from copyright include the formulae of Newtonian physics, cooking recipes, and all computer software created prior to 1974.

Other works are actively dedicated by their authors to the public domain (see waiver); examples include reference implementations of cryptographic algorithms, and the image-processing software ImageJ (created by the National Institutes of Health).

The term public domain is not normally applied to situations where the creator of a work retains residual rights, in which case use of the work is referred to as "under license" or "with permission". As rights vary by country and jurisdiction, a work may be subject to rights in one country and be in the public domain in another.
~

Some rights depend on registrations on a country-by-country basis, and the absence of registration in a particular country, if required, gives rise to public-domain status for a work in that country. The term public domain may also be interchangeably used with other imprecise or undefined terms such as the public sphere or commons, including concepts such as the "commons of the mind", the "intellectual commons", and the "information commons”.

Upload Public Domain Movie To Youtube Channel

You can make your Youtube channel popular by using public domain movie. You can create an intro/outro your video and put the public domain movie in between. In this way you can earn money from youtube advertising or you can create a donate link then put it in the description for you scriber who want to donate for you.

Another ways, you can link them to your online shop to buy your product like t-shirt, mugs, hat, wall paper, canvas that made with the public domain conceptual.

Example: T-shirt with vintage image

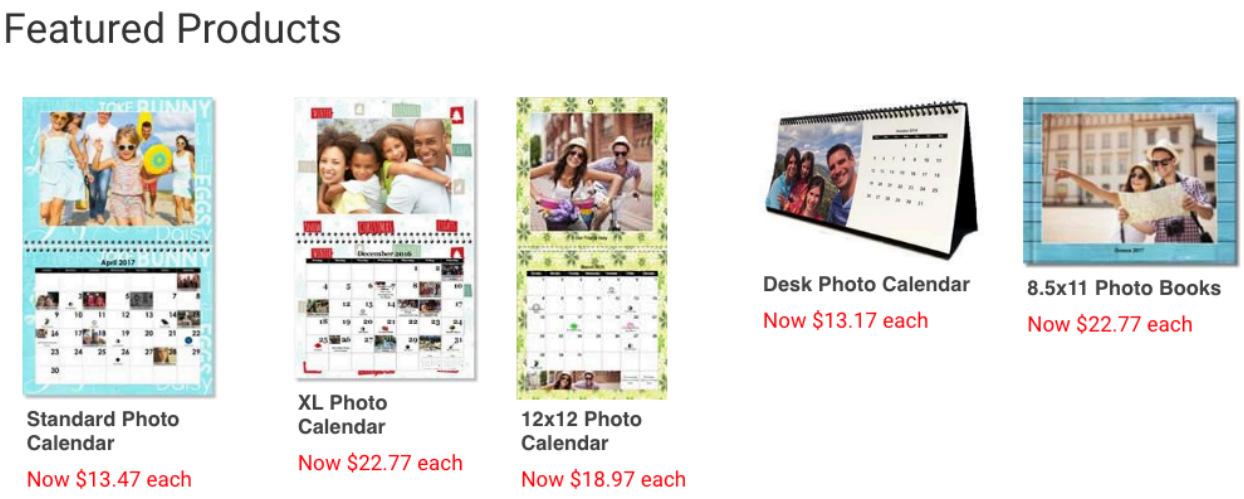
Create & Sell As A Print On Demand Product

In this chapter, You can create and sell Public Domain Work as a print on demand product such as calendar, Canvas Prints, Framed Prints, Wood Prints, Metal Prints, Posters, NoteBook Cover, Mugs, and much much more…

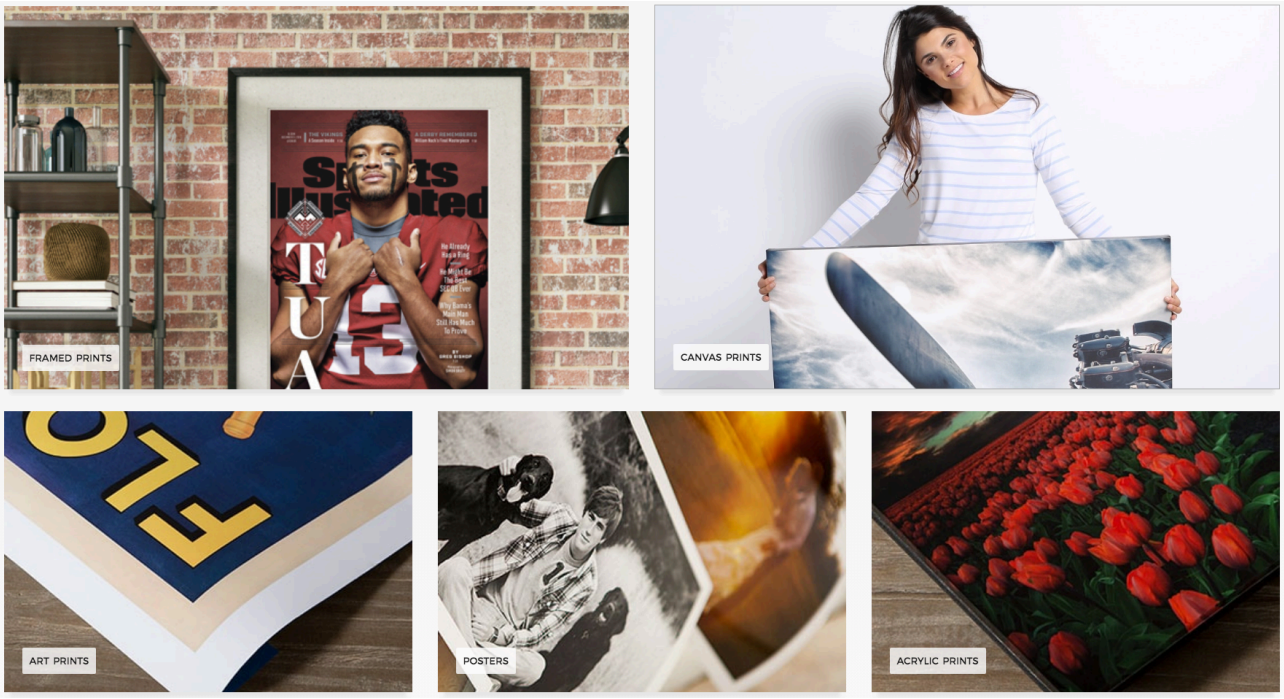
Calendar is popular item.

If you want to sell a calendar I'd recommend this website: createphotocalendars.com to create and sell your coolest calendar.



The above website you can use public domain image to creating your own product. Drive traffic to your shop by linking to it from your website, Facebook page, Instagram profile, newsletter, and more. Sell as much as you wish and let them take care of the order processing, fulfillment, and shipping for you.

Another website like about but more product categories. You can visit this website: fineartamaerica.com Fine Art America is the premier online marketplace for buying and selling original art, prints, home decor, apparel, and more. With just a few clicks, you can open an account, upload your images, select the products that you want to sell, set your prices, and begin selling your art to the millions of buyers all over the world.

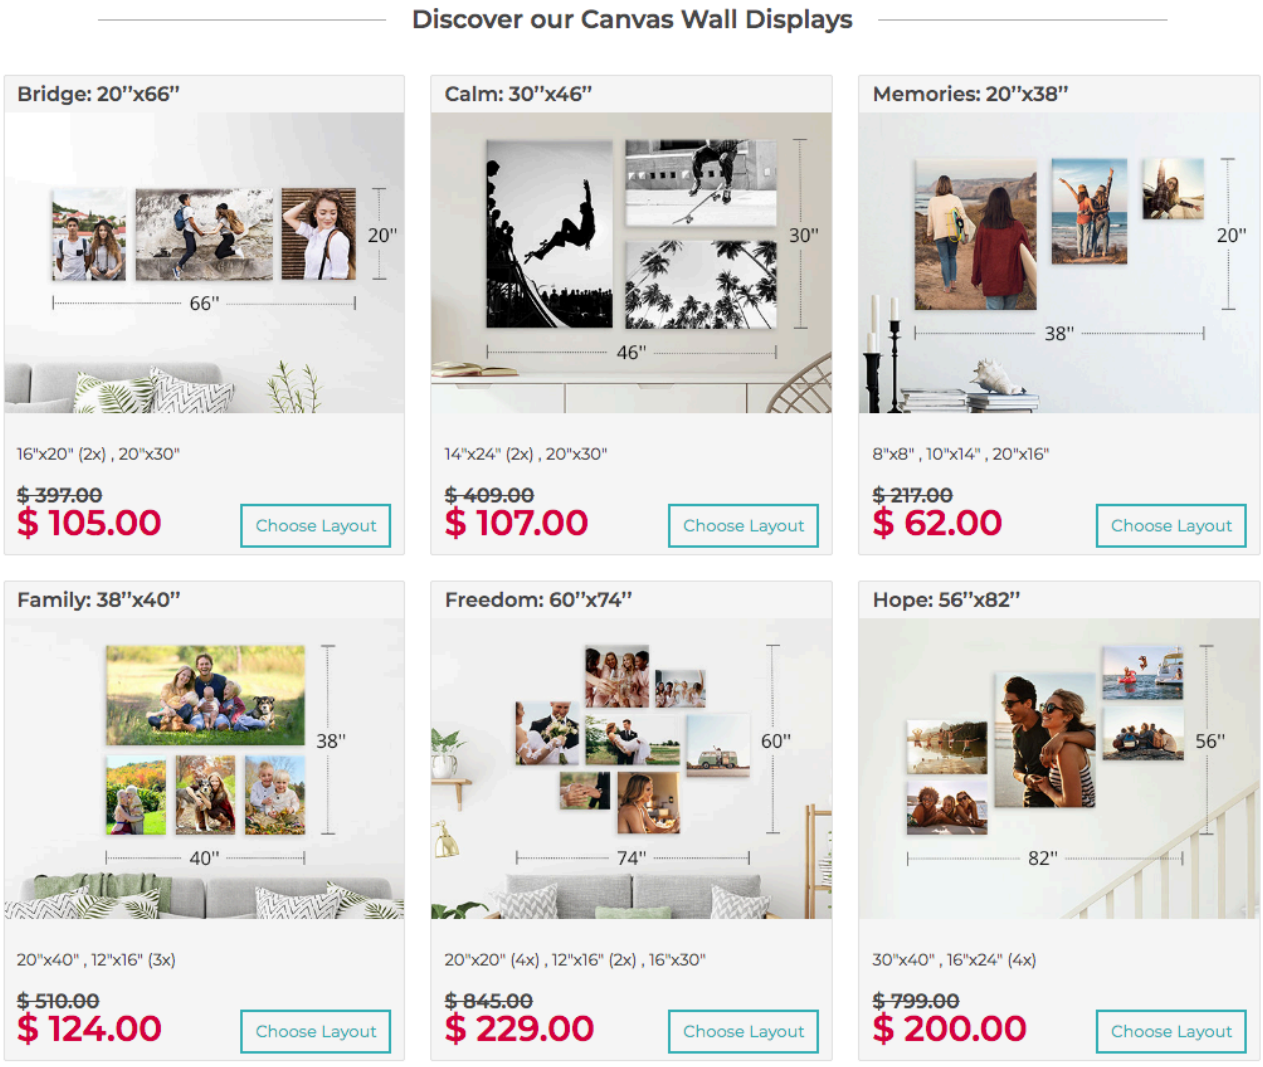


Create & Sell Like a Dropshipping Business

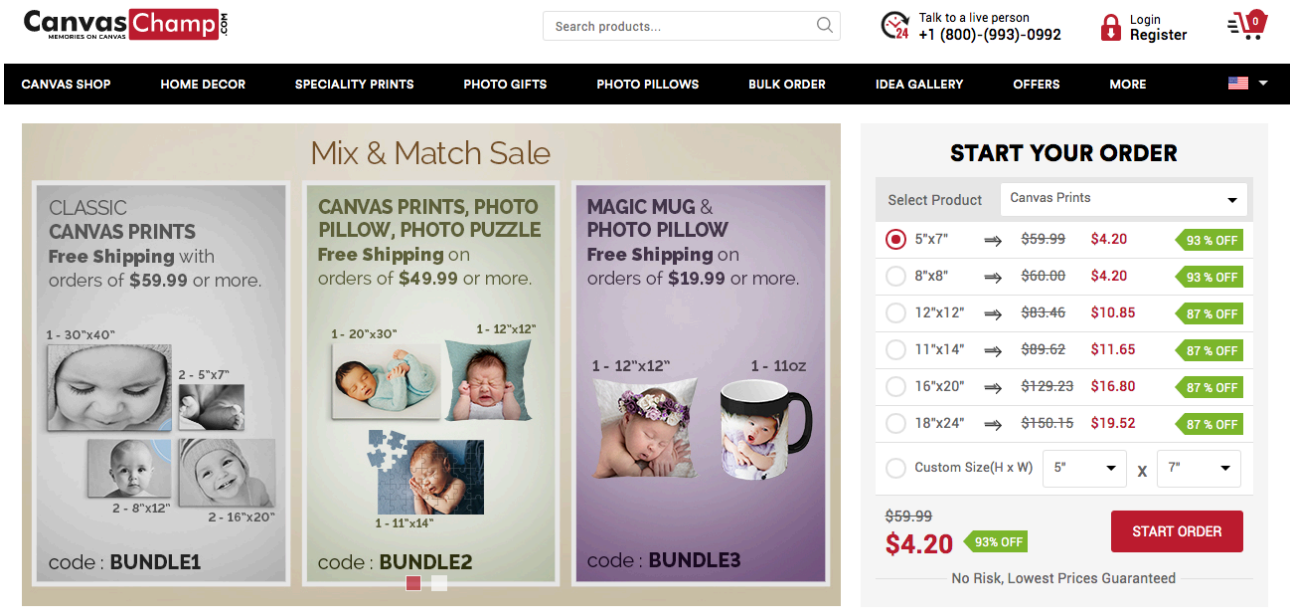
3 more websites, You must try …

You can sell like a dropshipping business. Post your product/item on Facebook, commerce store, blog, or marketplaces do you want to sell. After your customer make an order then you can comeback an create an order through are website below. Don’t forget put your customer address in the shipping address.

canvasdiscount.com



canvaschamp.com



easycanvasprints.com
